

Graand Kinetic Challenge

Code of Conduct

I solemnly swear (or affirm) to obey all the rules and act respectfully and honorably to all participants and spectators. I also acknowledge the following:

Kinetics are for Everyone - as such:

I will treat everyone within our Kinetic Community with respect, regardless of race, color, ethnic or national origin, disability, sex, sexual orientation, gender identity, religion, or age.

I will respect my neighbors at Willamette Park, NOT play loud canned music, and will quiet down by 10 PM.

I will NOT interfere with timing or scoring officials while they are tabulating scores. Their job is hard enough as it is, and messing with them could ruin everyone's Fun.

Safety is paramount - as such:

Fighting, physical/verbal abuse, and unwanted sexual advances have no place in Kinetics.

While I am piloting a Kinetic sculpture, bicycle, or motor vehicle, I will NOT consume alcohol or illegal substances during course hours.

This planet is on loan to us - as such:

I will treat it with respect.

I will clean up after myself and my team and Leave No Trace behind.

I will NOT light any fires, especially knowing July is wildfire season.

I will NOT light any type of fireworks along the race course or at Willamette Park.

I have read the current rules for events I am involved in and will follow them. If I am Captain of a Team or Group, I understand that I am responsible for ensuring that my team/group reads and adheres to the race rules and this Code of Conduct.

Most importantly of all, I will always honor our Kinetic Community's Intention that we are "Adults having Fun so Children Want to get Older."

Should I violate any provision of this Code of Conduct, I acknowledge that I may be subject to loss of LEO, Time Penalties, Disqualification, Banishment, possible Legal action, and definitely a Bad Reputation.
